

# Poor People's Campaign

## A NATIONAL CALL for MORAL REVIVAL

### STATISTICAL UPDATE

### to Waking the Sleeping Giant:

### Poor and Low-income Voters in the 2020 Elections

The following tables are based on the complete voter files for the 2020 elections. They include updated information on all 50 states, including demographic breakdowns by state for poor and low-income voters across race.

**Key:**

**hh\_income:** household income. In this report, poor and low-income is defined as having an annual household income of less than \$50,000.

**vap\_count:** voting age population. The number of eligible voters in the indicated category.

**reg\_count:** registration count. The number of eligible voters who were registered to vote in 2020.

**voted\_count:** voter count. The number of eligible voters who cast a ballot in 2020.

**reg\_rate:** registration rate. The number of registered voters as a percent of the eligible voting age population.

**turnout\_rate:** turnout rate: The number of votes cast as a percent of the registered population.

**lt50\_reg\_share:** poor and low-income registration share. The number of poor and low-income voters who registered as a percent of the total population of voters who registered, across income.

**lt50\_vote\_share:** poor and low-income vote share. The number of poor and low-income voters who cast a ballot as a percent of the total population of the total electorate, across income.

**Table 1: 2016 and 2020 Election Turnout by Income**

Election Year	2016			2020		
hh_income	\$50k or more	Below \$50k	Unknown	\$50k or more	Below \$50k	Unknown
